

Conference & IOP Proceeding

I hereby state that I am the participating Author of ICASIE (International Conference of Applied Science and Technology for Infrastructure Engineering) 2017. I am aware that the International journal which I submit will be published by IOP Publishing© and indexed by Scopus.

I am also aware that there will be no refund and cancellation if I got rejected notification from the IOP's reviewers but accepted by ICASIE's reviewer (paper status = accepted). When it happens, my paper will be automatically published in ICASIE2017 Proceeding.

However, when the peer reviewers notified that my paper is not qualified for ICASIE standard (paper status = rejected), I will get full (100%) refund of registration fee from ICASIE Committee.
